Theodore Roosevelt-"If you would be sure that you are beginning right, begin to save." Andrew Jackson--"Save your money and thrive, or pay the price in poverty and disgrace."

The small sum of \$6.00 per month deposited with us, with interest compounded semi-annually, matures in approximately nine years

We want every man, woman and child in Middlesborough to carry some of our Installment stock and thereby save something for a rainy day, and at the same timehelp some one own their own

We also issued Paid Up Stock in multiples of \$100,00 or more, and this has been earning 10% annually, and dividends are paid in cash in January and July.

Interest earnings from Building and Loan Stocks are free from the normal Federal Income Tax up to \$300.00 per year.

What is safer than a Real Estate Loan, insured against Fire Tornado and Lightning?

Certificate No. 1 was started withus August 7, 1920, and now has deposited with us \$276.21, and the January Dividend will soon be added, and this money has been saved at the rate of \$6.00 per month.
